Mission
To provide guidance and assist in the development, communication and evaluation of a strategic plan for a healthy campus environment achieved through the collaborative development, promotion and assessment of policies, programs, services and initiatives addressing all dimensions of wellness for students, faculty and staff.

Healthy Carolina Core Functions
1. Leadership and Support
2. Funding
3. Health Communications
4. Collaboration and Advocacy
5. Research and Assessment

Council Objectives
- Study health and environment related data for the campus community including the National College Health Assessment and Faculty and Staff Health Assessment.
- Provide guidance in the development and review of innovative research and assessment activities.
- Provide guidance in the establishment of the Healthy Carolina Coalition of Health Councils for USC.
- Provide guidance in the establishment of a strategic plan for a healthy campus through the combined plans of the Health Councils consistent with the National Prevention Strategy and to meet the Healthy Campus 2020 goals and objectives set by USC.
- Provide guidance in the health communications, marketing and communication plan for Healthy Carolina, the coalition and councils.
- Review and make recommendations for funding opportunities for strategic initiatives for Healthy Carolina and the coalition of councils and key partners.
- Assist in building a network of partners to collaborate and advocate for the health and well-being of the USC community and its members.
- Provide guidance in expanding Healthy Carolina to the regional campuses and external community.
- Be the public face of Healthy Carolina to the community at-large.
