**Mission**

To provide campus leadership in the development and evaluation of appropriate programs, initiatives, policies, services and environmental strategies to increase physical activity for the students, faculty, and staff of USC.

**Council Objectives**

- Review current assessment data to determine need for programs, initiatives, policies, services and environmental strategies for physical activity for the USC community.
- Conduct benchmarking for best practices among peer and aspirant schools related to physical activity.
- Develop and evaluate a strategic plan and goal indicators using Healthy Campus 2020 objectives and National Prevention Strategy for physical activity.
- Guide the implementation of programs, policies, services, initiatives and environmental strategies targeting the priority health concerns related to physical inactivity within the campus community.

**Members**

The Healthy Carolina Active Living Council consists of faculty, staff & student representatives from across campus.
