CCA Can Help You:

• **Navigate** between major requirements

• **Determine** how classes you’ve taken would fit into a different major before switching

• **Compare** various majors and college/program requirements side by side

• **Prepare** for or clarify information for your departmental advisement appointments
Steps to Changing Your Major

1. **Explore New Majors**
   USC has 11 colleges & schools. Review them at www.sc.edu/success

2. **Check GPA Requirements**
   Some schools are more competitive than others - it’s important to consult an advisor or the CCA staff for guidance

3. **Colleges & Schools**
   Look into how different colleges/schools work with undergraduate students to change their major

4. **Meet with Cross College Advising**
   Make an appointment online at www.sc.edu/success and follow steps 1-3 to prepare for your appointment

5. **Complete a Change of Major Form**
   This form is for undergraduate students who are leaving one college and entering another college

**Please note:**
If you change majors within the same college, speak with your departmental advisor.
