Pre-application steps for transfer students

Request more information
It is important to request more information about the University, academic programs and majors, housing, tuition costs and financial aid so that you and/or your family can make an educated decision on where you can complete your degree. You can request more information by calling the Office of Undergraduate Admissions at 1-800-868-5872.

Admission Requirements
If fewer than 30 semester hours (45 quarter hours) of college-level work have been attempted, then you must meet both transfer and freshman entrance requirements. Transfer applicants from regionally accredited colleges and universities must have at least a cumulative 2.25 grade-point average on a 4.00 scale (A=4, B=3, C=2, D=1, F=0). Several colleges and programs within the University, however, require higher grade point averages on all college work attempted. It is important to review the GPA requirements for your intended major carefully.
