THE MISSION OF THE LEADERSHIP & SERVICE CENTER
The Leadership and Service Center is a premier space on campus offering a unique and collaborative environment for students to explore their own leadership development. Our mission is to provide opportunities that will enhance the college experience, aid students in self-exploration, and prepare them to be leaders after graduation.

Through tailored one-on-one coaching, innovative workshops and programs, and limitless opportunities, we aim to help students:

• Connect to campus and community organizations, activities, and resources.
• Cultivate meaningful experiences, develop a sense of purpose, and identify their passion.
• Articulate the skills and competencies developed through their involvement.
• Become responsible and engaged citizens in their local, national, and global communities.

Organized service efforts at the University of South Carolina began in 1989 with the establishment of the Office of Community Service. These efforts are now led by the Leadership and Service Center, part of the Department of Student Life.

We maintain a supportive environment which encourages each and every student’s ability to turn ideas into action.
MEASURING SUCCESS
The Community Service Annual Report not only represents community service initiatives from the LSC, but it embodies community service from across campus. We collect self-reported data from students, organizations, departments, colleges, and programs to represent USC’s commitment to service. During 2015-2016, USC volunteers were involved in hands-on community service, philanthropic fundraising, community-based research, service-learning and advocacy initiatives.

A group of #UofSC students chose to stay in Columbia during Fall Break to volunteer in their community as part of the Alternative Service Break program. They spent days helping neighbors affected by the recent historic flooding. #uofscserves

My last MLK day of service and my last day as a service site leader as an undergraduate at USC. Glad I (the past Y-IMPACT President) got to share it with the current President and Graduate mentor. Shout out to the Prestonites and all the volunteers who participated in MLK days of service. #mlkdaysofservice
