President’s Welcome

Dear Graduate and Professional Students,

Graduate Student Appreciation Week is almost here!

The GSA has some great social events planned every day for next week! Graduate Student Appreciation Week is a great opportunity to relax before papers are due and finals need to be graded. Meet graduate students outside of your department or bring your cohort to an event for a good time. I am personally looking forward to the Trivia Night at World of Beer on Thursday! FUNDING FOR YOUR ORGANIZATION

Attention Grad Student Clubs and Organizations!

The GSA has a fund for you to apply for money to aid you in putting on your events and activities. We are on an all-rolling process this year, so we just ask that you apply at least 4 weeks ahead of time to give the Finance Committee time to process your requests. If you ask for more than $1,000, we require that you schedule a time to come in for a dialogue. If you are charging for an event, any money you ask for is a loan which must be paid back. If an event you applied for in the past was rejected, we encourage you to apply again, taking into account the comments from the committee about why it was not awarded initially. We can only allocate for certain things. Please check the Treasurer's Manual for more information. All funding forms and information on the funding process is now on the Student Government website!
RESEARCH AND FUNDING

- Important changes have been made to the Graduate School Travel Grants. Students may now only receive 2 awards while they are at USC, and there are now 4 application cycles. More information can be found on the Graduate School website.

- Thesis/dissertation defense deadlines, format check deadlines, graduation, and other important dates for Spring and Summer 2015 have been added to The Graduate School Calendar.

- The Graduate School will offer one final 3MT Workshop this Friday, April 3rd, from 11:00AM to 1:00PM. Please RSVP to Wright Culpepper at culpeppa@mailbox.sc.edu. We will send you the location of the workshop when you RSVP. This is a great opportunity to learn how to talk about your research with family, friends, colleagues, peers, etc.

- Graduate students in public health schools or programs are invited to apply for a $1,000 scholarship from the Alzheimer's Association. The Association is making up to five scholarships available to support projects toward a master's thesis or doctoral dissertation on a topic related to cognitive health, cognitive decline, and/or Alzheimer's disease and other dementia as a public health issue. Deadline: Monday, April 20 at 11:59 pm EDT. Click here to read the Full Announcement, visit the website, or email ALZ.scholarships@alz.org.

- The following workshops are offered by The Office of Fellowships and Scholar Programs. OFSP helps undergraduate and graduate students apply for nationally competitive fellowships and scholarships. Feel free to schedule an appointment with OFSP here or send them an email. - If you're interested in helping your students with their note-taking skills, have a look at "Research on Student Notetaking: Implications for Faculty and Graduate Student Instructors," part of the Occasional Papers series from the Center for Research on Learning and Teaching and Learning at the University of Michigan. The article reviews the research on the impact of note-taking and how note reviewing affects student learning, as well as how you as instructor can provide guidance with respect to successful strategies. It was published in 2001 but still has some great recommendations and techniques. The CRLT Occasional Papers series is a good site to have bookmarked - it has over 30 short, informative articles on specific topics in teaching and learning written by CRLT staff and U. of Michigan faculty.

- The CTE will be hosting a “Teaching Careers at Non-R1 Academic Institutions” panel on Thursday, April 16th, 3-4:30 p.m. Panelists will discuss their experiences in finding academic teaching careers at non R1-Institutions such as smaller 4-yr colleges, HBCUs, private liberal arts colleges, regional campuses, and non-tenure-track positions.
